

## JEANNIE LYNCH

### DIRECTOR OF PARALEGAL STUDIES AT KING BANKRUPTCY ACADEMY

**Jeannie Lynch** is a certificated Senior Paralegal with over 30 years of substantive experience in the areas of consumer bankruptcy, family law, civil litigation and commercial real estate.

Jeannie's professional career began in 1980 when she joined attorney Louis Barry Mack in his family law/civil litigation practice in Palm Springs, California. In 1982 Mr. Mack's firm funded Jeannie's paralegal studies and in 1984 she transitioned to her own office with her own case load. In 1995, Mr. Mack was appointed to the bench the practice was closed. Jeannie was at that time recruited by a client real estate broker and for the next 9 years she administered all contracts for Lyle Commercial, a Palm Springs commercial real estate brokerage, and **spearheaded the firm's marketing department**. In 2004, Mr. Mack made the decision to return to private practice and Jeannie was invited to and did rejoin the firm, once again assuming a hugely responsible case load at The Mack Law Offices in Palm Desert, California.

In late 2007 Jeannie moved to San Diego and made the "quality of life" decision to establish a **contract bankruptcy paralegal business** from her home office.

With her focus established, Jeannie sought out all **Consumer Bankruptcy education** and training sources available and soon found herself assisting a client base of more than 10 bankruptcy attorneys with successful bankruptcy filings across the nation. With services ranging from client intake to Trustee Supporting Documents, amendments and even some motion work, she knows her cases from beginning to end.

**Jeannie's active involvement in the Consumer Bankruptcy support process** and continued pursuit of an active and aggressive Continuing Legal Education agenda establishes her as professional among her peers.
